RE: Fees to credit card users imposed by City of Hermosa Beach, CA

On June 29, 2017 the City of Hermosa Beach remitted a response to me in answer to my California Public Records Act request of May 16, 2017 (which took approximately 44 days in violation of the CPRA).

I am remitting an additional California Public Records Act request since the information provided is unclear to me as to how the 2.75% fees imposed by the City of Hermosa Beach to VISA and Mastercard patrons for credit or debit card transactions at the city in compliance with Government Code 6159(h).

Therefor, pursuant to the California Public Records Act pleas provide me with a clear explanation including the equation used by the city which demonstrates that the CPRA data provided to me on 6-29-17 supports or justifies the 2.75% fees charged to VISA and Mastercard patrons for credit or debit card transactions at the city.

Please provide this data within ten (10) days as required by the CPRA. If there are any questions, I can be reached at 213/447-4828.

Sincerely,

Michael Correia
